JUDGE JAMES O'HARA, of Covington is a candidate for Superior Judge.

The New York Supreme Court has decided that colored children cannot force themselves into schools provided for white children, when there are schools set apart for their own special benefit.

The charges against captain Henry, of misconduct at Louisville, are shown by the investigation of the Democratic State Central Committee, to have been much exaggerated. The committee in the investigation found nothing that warranted them in recommending the withdrawal of his name as a candidate on the Democratic ticket. The evidence produced to the committee will be found elsewhere.

The legislature adjourned *sine die* on Monday afternoon, after being in session one hundred and forty days. Very little general business was transacted and two matters of great importance were entirely neglected—the apportionment of the State into Senatorial and Representative districts and the building of a branch penitentiary or the enlarging of the old one. A special session may be necessary to attend to these matters.

The New York Tobacco Journal says: Apparently, the reduction of taxes is to be made a political question. The Democratic party is going to force some action regarding reduction upon the Republican party. The latter will have to take it up, or go before the country in the next Presidential campaign as the party which is unwilling to remove unnecessary burdens from the people. It is not likely that such a great advantage will be given the Democrats, consequently it is not improbable, as is shown in our Washington correspondence, that the resolution lately passed by the Republican caucus, that there should be no reduction of the tobacco tax will be withdrawn and another reduction be substituted for it. Even Republicans are very much dissatisfied with the action of the caucus, as it has placed the party in a bad light, while as congressman Samuel J. Randall, of Pennsylvania, informed our correspondent, the Democrats are going to legislate with the view of wiping out the internal revenue system.

The present political aspect is pregnant with meaning. It clearly shows that taxes of all kinds will be reduced, either during this or the next session of congress. We think that, if all who desire reduction of the cigar and cigarette tax would act quickly and forcibly, reduction could be obtained during the present session. It most certainly would be better to get it now than to get it a year from now, for to obtain it during the next session means incessant agitation, and consequent injury to trade, from now till then. No matter who is opposed to tax reduction, it, from the looks of matters at present, is sure to occur within a year. Therefore, why not strain every nerve to obtain it from this congress? Not since the beginning of the agitation have the chances of reduction taking place been so favorable as they are now, and if those interested do not make the best use of the advantage at present afforded them they may have cause to regret their delay in bringing about proper action.

PILE! PILE! PILE!

A Sure Cure Found at Last—No One Need Suffer!

A sure cure for blind, bleeding, itching and ulcerated piles has been discovered by Dr. William, (an Indian remedy,) called Dr. Williams' Indian Ointment. A single box has cured the worst chronic cases of twenty-five or thirty years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electricities do more harm than good. Williams' Ointment absorbs the tumors, allays the intense itching, (particularly at night after getting warm in bed,) acts as a poultice, gives instant and painless relief, and is prepared only for piles, itching of the private parts, and nothing else.

Read what the Hon. J. M. Coffinberry, of Cleveland, says about Dr. Williams' Pile Ointment: I have used scores of pile cures, and it affords me pleasure to say that I have never found anything which gave me such immediate and permanent relief as Dr. Williams' Indian Ointment.

Dr. Frazier's Root Bitters.

Frazier's Root Bitters are not a dram-shop whisky beverage, but are strictly medicinal in every sense. They act strongly upon the liver and kidneys, keep the bowels open and regular, make the weak strong, heal the lungs, build up the nerves and cleanse the blood and system of every impurity.

For dizziness, rush of blood to the head tending to apoplexy, dyspepsia, fever and ague, dropsy, pimples and blotches, scrofulous humors and sores, tetter, ring worm, white swelling, erysipelas, sore eyes and for young men suffering from weakness or debility caused from imprudence, and to females in delicate health, Frazier's Root Bitters are especially recommended.

Dr. Frazier: I have used two bottles of your Root Bitters for dyspepsia, dizziness, weakness and kidney disease, and they did me more good than the doctors and all the medicine I ever used. From the first dose I took I began to mend, and I am now in perfect health, and feel as well as I ever did. I consider your medicine one of the greatest blessings.

Patented February 15, 1881.

Indispensable to Merchants Shippers And Producers.

The outside frame of this carrier contains five trays, held in place by fasteners at end of case, as seen in cut. These Trays are constructed in reversible halves. The above cut shows one whole tray filled ready to be placed in case, each egg resting in its cardboard socket in such a manner as to be readily counted, candied, or transferred from tray to tray, or case to case, without rehandling.

For cold storage this case will store 60 dozen with racks made to receive the half trays, hence this is the cheapest storage case manufactured; saving largely in space.

The manner of holding the eggs on end prevents oscillation, adding, or breakage, and adds greatly to their freshness when carried long in storage. Size of 30 dozen No. 1 cases 25x12x14, weighs 20 pounds.
